LIBRARIAN'S REPORT

The Jackson Public Library, open for 72 days between January 2 and December 18, 1954, circulated 1234 books and magazines and added gifts of 55 books for a total of 5932 volumes. We also received several paper-back volumes.

The Library was open from 2 to 4 p.m. on Saturday during most of the year. Summer hours, from July 4 to Labor Day, were 2 to 4 on Monday, Wednesday and Friday. While the librarian was on a leave of absence in foreign parts, Clemewell Young (winter) and Barbara Briggs (summer) did a fine job of substituting.

The Bookmobile visited us five times, bringing old and new fiction, non-fiction and children's books, all of which are most welcome. We value our connection with the State Library which has filled our requests this year for non-fiction, travel, Spanish lessons and the works of Albert Einstein.

Our most up-to-date department, magazines, includes American Home, American Magazine, Cosmopolitan, Good Housekeeping, Holiday, Jack & Jill, Ladies' Home Journal, Life, McCall's, Reader's Digest, Red Book and Saturday Evening Post.

Miss Bertha F. Rogers gave money for Holiday and a year of Reader's Digest Condensed Books. This gave us the equivalent of 20 new and outstanding volumes in a condensation so well done that little, if anything, was lost from the original books. Mr. Ernest K. Rockwell of West Medford gave us, through Mr. Arthur Jones, fiction which we welcome, and cannot buy on our small budget. We are grateful to others who have remembered the library with readable books, including the pocket book type.

REPORT OF FOREST FIRE WARDENS

Howdy, Folks:

This is your friend Smokey, the fire prevention bear talking for Maurice Kelly your local forest fire warden. You know how he is always asking you people to take it easy with fire in the woods? Well, he wants you to know that forest fires decreased last year. He knows it did rain some but it was the help of all you people who are giving their time and money and carefulness to prevent this shameful waste of our woodlands. But please remember this, folks, forest fires still do a lot of damage each year. And we've got to work and work to whittle them down to our size. So when you're around forest areas, crush out your cigarette, hold your match till it's cold, drown your campfire and drown it again. If you have to burn grass or brush or rubbish, ask about the law first, also get your permit from your warden and last, have plenty of help handy. Please remember a permit is required for all open fires whether in an incinerator or on a piece of plowed ground. Your local forest fire warden will help you in your burning problem and he is as close as your telephone. Please call him.

Each year forest fires destroy enough sawtimber to build all the homes in a city of one-half million people.

Each year forest fires eat up enough sawtimber to make ties for 50,000 miles of railroad tracks.

Each year forest fires destroy enough pulp-size trees to provide a 12 months' supply of newsprint for every newspaper in the United States.

REMEMBER ONLY YOU CAN PREVENT FOREST FIRES

Number of permits issued, 31. There were no fires last year.

REPORT OF SCHOOL NURSE

I hereby submit my report as school nurse for the year 1953-1954.

Throughout the year the physical defects found in the school children have been corrected or are under treatment. Since all corrections are done out of town, I appreciate the efforts of the parents in getting the children to the doctors, dentists, and clinics.

We were unable to hold our customary Child Health Conference and Immunization Clinics this year due to contagious disease. However, plans are under way to hold the Clinics this coming year.

Since dental care is a year-round program we have had many defects corrected. The percentage of dental corrections in the past years has ranged from 60% to 65%. With two new dentists in the area the percentage of corrections should be even higher in the future.

Respectfully submitted,

JULIA T. COX, R.N.
